Dear Sir or Madam:

The Ancient Order of Hibernians is a Irish Catholic Charitable Organization that is spread through out the country. I belong to Division 1, the Fr. Tim Dempsey Division here in St. Louis. The Hibernians perform many charitable acts throughout the year such as soup kitchens, monetary donations to the poor and needy, and most importantly the organization of the St. Patrick's Day Parade in Dogtown.

In order to keep our division strong and growing, this year the division has approved the creation of a fund that will financially support members and their families in the case of a tragedy, more specifically a tragedy such as a fatal illness, death, or disaster such as a fire. The name of the fund is the Dennis Vineyard Helping Hand Fund, named after a lifetime member who inspired its creation. Our members come from all walks of life, law enforcement, fireman, laborers, teachers, engineers, business owners, and many other important jobs. As the division grows we want to insure that we are not only helping the needy, but maintaining that we ourselves stay in good health in order to continue serving others.

The Dennis Vineyard Helping Hand Fund will be supported by donations, and events held through out the year. The first event will be a golf tournament held on May 18 at Emerald Greens Golf Course in North St. Louis County. I am asking if you could possibly donate any items that would help make these events successful and enjoyable for all that are involved. Whether it is an item for a raffle or a sponsor for one of the holes during the tournament where your business would be advertised, anything would be greatly appreciated not only by me, but the division as a whole. Thank You.

Sincerely,

Andrew M. Vineyard
Chairman of the Dennis Vineyard Helping Hand Fund
